

A Project Research Associate Position
at the Institute for Solid State Physics (ISSP), the University of Tokyo

The ISSP is seeking outstanding candidates for a project researcher position in the Division of New Materials Research. This position is supported by the JSPS grant for innovative area "J-Physics". The successful candidate will collaborate with Prof. S. Nakatsuji and conduct vigorous experimental research on novel quantum phenomena in strongly correlated systems by materials syntheses and in-depth characterization. Applications of excellent experimentalists in different areas are also considered. The appointment is for one year. Extension up to two years may be granted depending on the project status. The position is now open, and the term should start at the earliest possible date.

Applicants must have a Ph.D. or equivalent degree in a relevant field, or otherwise must get a degree before the starting date of appointment. Applications should include the following documents prepared either in English or Japanese and should be sent by post or alternatively by E-mail to the address below. All the documents must arrive no later than August 22nd, 2017.

- 1) CV with photo including academic record and professional career
- 2) Complete list of publications (mark three most important papers)
- 3) Copy of the three papers marked above
- 4) Summary of research accomplishments (up to two pages)
- 5) Research plan (up to two pages).
- 6) List of References (up to two references)

(Address) Satoru Nakatsuji, Quantum Materials Research Group, The Institute for Solid State Physics, The University of Tokyo, 5-1-5 Kashiwanoha, Kashiwa, Chiba 277-8581, JAPAN
(E-mail) satoru_(at)_issp.u-tokyo.ac.jp

*In case of post mail the envelope should be marked, "Application (Quantum Matter Gr., Project Researcher)", while the subject of the E-mail should be set the same.

If you have any questions, please contact Prof. S. Nakatsuji at satoru@issp.u-tokyo.ac.jp.
